CONFIDENTIALITY LIMITS IN PSYCHOTHERAPY: ETHICS CHECKLISTS FOR MENTAL HEALTH PROFESSIONALS

[DOWNLOAD](#)

American Psychological Association, United States, 2016. Spiral bound. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book. Can therapists keep their patients secrets? Should they? Psychotherapists are careful to safeguard information about their clients, but in some instances, they may be legally or otherwise compelled to disclose information, even without client consent. This little confidentiality manual walks readers through this complex topic, using the author's easy-to-follow six-step Ethical Practice Model. The checklist format enables therapists to inform themselves systematically about ethical options and relevant state and federal laws, so they can decide if, when, and in what respects they will limit their protection of clients' confidences - and then discuss these limits with prospective clients. The chapters and case studies are full of useful information, making this the most convenient guide available to therapists on the topic. Resource lists and appendices for further reading are included. An essential tool not only for practicing therapists but also for ethics professors in clinical training programs, supervisors of students on internships and practica, and peer consultants, this handy reference belongs on every practitioner's desktop.
