

Patient Assessment, Intervention and Documentation for the Veterinary Technician: A Guide to Developing Care Plans and SOAP S

Filesize: 2.89 MB

Reviews

This publication will be worth purchasing. It really is written in simple terms instead of difficult to understand. It's been designed in an exceptionally simple way and is particularly only right after I finished reading this ebook in which basically modified me, alter the way I believe.
(Prof. Loyce Runolfsson Jr.)

PATIENT ASSESSMENT, INTERVENTION AND DOCUMENTATION FOR THE VETERINARY TECHNICIAN: A GUIDE TO DEVELOPING CARE PLANS AND SOAP S

Cengage Learning, Inc, United States, 2008. Spiral bound. Book Condition: New. 224 x 158 mm. Language: English . Brand New Book. Patient Assessment, Intervention and Documentation for the Veterinary Technician addresses the methodology used to apply substantive information to real world problems in the education of veterinary technicians. Nursing students in human medicine have long benefited from instruction in the Nursing Process, which is a method for using critical thinking skills to apply theoretical knowledge to actual cases. This text develops a similar methodology for veterinary technicians, called the Technician Practice Model . This guide identifies and describes the various steps in the Technician Practice Model and provides both instruction and examples on documenting the results of that process. Particular emphasis is given to developing SOAP notes and Medication Administration/Order Records (MAOR).
