And then all the blame is shifted for our failures, shortcomings and problems to other factors. These include our parents, children, friends, foes, upbringing, environment, financial status, health, heredity, destiny, the planets, God, and even the lines on our palms and foreheads. And all these factors give us the excuse to garner the sympathy of everybody else because we have not managed to achieve what we wanted to do. With all these factors working against us, it is a wonder how we managed to achieve that little bit, which is so laudable under the circumstances, is not it! This list of factors and excuses is endless. Let me tell you a really amusing tale about the stars and superstition.
