

Insight and Analysis: Essays in Applying Lonergan's Thought (Paperback)

By Andrew Beards

Continuum Publishing Corporation, United States, 2012.

Paperback. Book Condition: New. 232 x 154 mm. Language:

English Brand New Book ***** Print on Demand *****.

Insight and Analysis applies Bernard Lonergan's thought to current issues in philosophy and in moral and other areas of theology.

The common theme of the book is seen in the thread running through the chapters: a dialogue and critical comparison and contrast between Lonergan's thought and various key

interlocutors in philosophy and theology. The title of this book,

Insight and Analysis, suggests its main focus - Lonergan and analytical philosophy - but also references one of Lonergan's

most influential works: Insight: A Study of Human Understanding. The chapters which explore the implications of

Lonergan's thought for current work in analytical philosophy include discussions of Dummett, Wittgenstein, Searle,

MacIntyre, Mackie, and Hintikka. However, Andrew Beards also brings Lonergan into dialogue with the continental tradition,

with an extensive chapter on Badiou. Chapters on fundamental moral theology, Rahner's philosophy, and interculturality and

the writings of (the then) Cardinal Ratzinger indicate the importance of Lonergan as a philosophical theologian. Insight

and Analysis presents a wide-ranging reassessment of the impact and application of Lonergan's thought.

Reviews

Most of these publication is the perfect ebook accessible. It is amongst the most awesome publication i have got read through. You wont truly feel monotony at whenever you want of the time (that's what catalogs are for regarding in the event you request me).

-- Prof. Edgar Kshlerin

It is easy in study safer to comprehend. It can be writter in basic phrases and never confusing. It is extremely difficult to leave it before concluding, once you begin to read the book.

-- Emmitt Harber
