Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Science proves that ancient Bible scriptures accurately described the creation sequence of the universe and major groups of living organisms. Today, humans can reproduce very crude examples of instant creation in the lab using 3D bioprinting that requires intentional engineered design. Animal life includes trillions of interacting cellular nanocomputers that use: computer programs, nanobatteries, alternators, two-cycle nanomotors, interacting nanoclocks, 3D nanoencryption, plus a computer network hub animal brain with 3D relative motion imaging cameras and built-in worldwide GPS navigation far more advanced, efficient, repairable and self-fabricating than any human designs. Dinosaur features and behaviors including some similarities to birds were accurately described first in the ancient Bible book of Job and confirmed by science today, but the Bible never stated that dinosaurs lived during the time of Job, Noah or Adam. Many instantly appearing fully formed organisms are still alive today with over 220 million years of nearly unchanged fossil stasis including Cyanobacteria, Coelacanth Fish, frogs, crocodiles, jellyfish, flowering trees, sharks scorpions and dragon flies (swamp flies). Rigorous science can prove that animals only experience small...

### Reviews

*Extensive information for book fans. It is written in basic words and never hard to understand. It is extremely difficult to leave it before concluding, once you begin to read the book.*
